

低眩光景觀矮燈

CANTHARELLUS

BB08

獨特的菇狀外型，頂蓋遮蔽向上眩光。低眩光照明設計有效將光導至地面，提升照明質感。可應用於中庭景觀、公園步道、休憩園區照明及公共廣場照明。

Unique mushroom-like appearance, the top cover shields upward glare. The low glare lighting design effectively guides the light to the ground and enhances the lighting texture. It can be applied to atrium landscape, park trails, rest park lighting and public square lighting.

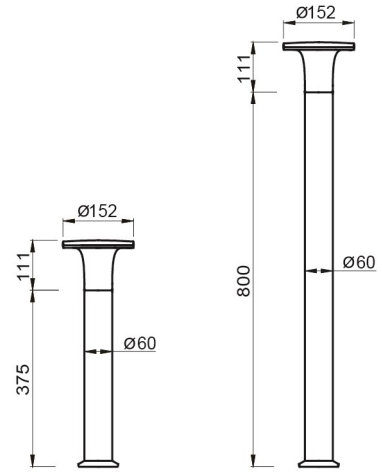

型號 Model	光源 Light source	瓦數 Wattage	色溫 CCT	額定電壓 Voltage
CR-BB08	LED	6W	3000K / 4000K	220V / 60HZ

燈體 | 壓鑄鋁

Luminaire | Die-cast aluminium

燈罩 | 聚碳酸酯

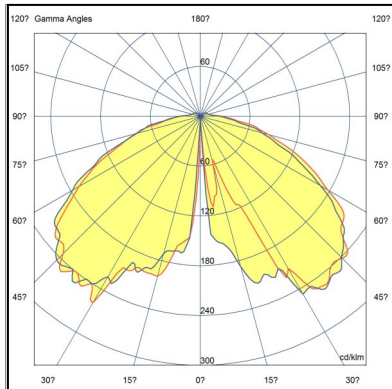

Lamp cover | PC

Unit:mm
